Dear Parents and carers,

We understand that following on from last night's announcement from the Prime Minister, Boris Johnson, you will have many questions and concerns. You will have heard that the government believes it may be possible to implement a phased return to school from 1st June for pupils in Reception, year 1 and year 6. We, like you, have only just heard this announcement and are awaiting more information from the government about what it means for our Corvus schools.

We do however want to reassure you that we are and will continue to follow guidelines, we are constantly updating our risk assessments as we gain more knowledge and information and we take the health, safety and mental well-being of all our pupils and staff as the highest priority.

We would like to remind you that at this stage, nothing has changed, we are still open only to those children who are vulnerable or whose parents are essential key workers. Social distancing must continue to be maintained.

We know you will have many questions and we will update you once we have received more information. Please again be reassured, our priority is as always, safety.

Please stay alert, control the virus, save lives.

Yours sincerely,

Heather Haines
