This term our Core Value is: Caring

This week's message from Mrs Haines

We have made it through another week and what a week! My Teaching teams and I want to say a huge thank you to all the families at home, engaging with home learning. The work we are receiving back through the homework emails has been amazing and you'll never know how far the kind comments of support and thanks have gone to keep us all going. Below are some FAQ:

1. Do I need to email each day?

Yes please if they can. This enables us to know you've received the home learning.

2. Do I need to keep the work?

No, if the teachers want any of it, they will print the emails, but there is no need to keep it all if you don't want to.

The daily Zoom meetings are also in full swing. Thank you for logging onto them each day, its not only important for the children's learning but their wellbeing too. The impact Coronavirus is having on the mental health of our Nation's children is a serious concern. That is why an injection of laughter is always welcome. Please look on page 2 in my joke section for some of the jokes the children have sent me this week.

Our Teaching Assistants have also started to make phone calls to the children at home. It has been great listening to them just chat. Its been beneficial for the children and staff.

Take care everyone and have a safe weekend.

Welcome to Miss Howes

This week we are welcoming Miss Howes to Aslacton as she completes her teacher training with us. She will be working under the supervision of Mrs Turk and Mrs Mundford in Owl class, and of course following all the necessary COVID19 protocols. Miss Howes has been working remotely throughout her training and is not attending any other school or university setting during the time she is with us. We look forward to supporting her goal of qualification in the Summer.

Breakfast Club Invoices from December
