

Aslacton Primary School - Newsletter Friday 26th March 2021

This term our Core Value is: Caring

This week in Aslacton

Eagles have had a busy week interpreting statistics in pie-charts, line graphs and tables. We have analysed data, trends and patterns found in results. In English, we have finished our exciting core-story 'Crater Lake' and evaluated our opinions of the text through a detailed book review. In Science, we have studied the human digestive system, looking at the role of vital abdominal organs. Eagles have enjoyed creating a range of Easter crafts and taking part in a delicious egg hunt! Kestrels have started preparing for Easter by learning about the Easter Story and by making cards, crafts and Easter bonnets. In maths, Years 2 and 3 have created art work composed of different shapes and different types of lines including parallel and perpendicular. Year 4 have learnt about different types of triangles and how to calculate missing angles. In English, we have written detailed book reviews about The Wild Robot and have started reading the sequel, The Wild Robot Escapes - we are all very excited about this! Owls have been learning the Easter story, sorting and matching Easter eggs by their colours, building home for the Easter bunny, planting vegetable seeds for our mini garden as well as finishing off our work on Pirates and recapping lots of number skills in maths.

Message from Mrs Haines

As we go into the Easter holidays - I would like to reflect on the great job the whole school community has rallied to do to support the learning & welfare of our young children. I hope the summer term will be more straight forward and the children can again settle in the routine of school again.

I hope you all have a lovely Easter break and I look forward to working with you all again next term.

Take care.

Contacting Staff

Please note that staff will not be checking the homework emails over the Easter holiday as they take a well earned break too, and upon our return these will not be checked as regularly so please do speak to us at the door/gate if you have any concerns or questions.

Upcoming Dates:

Summer term commences

Monday 12th April 2021

Headteacher's Award

Eleanor in Owl class for superb independent writing about pirates.

Frankie in Kestrel class for your amazing piece of writing in role as Roz the Robot.

Kallum in Eagle class for fantastic explanations and enthusiasm in maths. Excellent work Kallum!

Snacks

We have really enjoyed the opportunity to have a more substantial, extra snack in our classes since returning. It has been great to see everyone chatting, learning social conventions around eating, and sharing some really valuable PSHE time during the week. Unfortunately, we are unable to continue to fund this after Easter.

To enable this to continue we would like to ask for a voluntary contribution from each child towards this snack each half term of £1 per child per half term. This will be held by each class teacher who will do the shopping each week as necessary for their class' snacks.

If you are willing to contribute, please send £1 in an envelope marked 'snack money' on the first day back after Easter and hand it to the class teacher— please do not send this to the school office.

Attendance:

We take pride in attendance at our school. We will publish the attendance figures here for each class each week.

If your child is unwell and unable to be in school, please ensure that you phone and leave a message to inform us before 9.30am. Absences not accounted for after this time will be recorded as unauthorised.

Whole School 97%

Owl 96%

Kestrel 95%

Eagle 99%

Mrs Haines' Collective Worship Weekly Dog Joke

Knock, Knock,

Who's there? Arthur

Arthur who?

Arthur anymore puppies in there?

House Points

Well done everyone for another great week of house point collection. This is how it stands at the end of this term. Well done Winterton!

	Holkham	Winterton	Brancaster	Mundesley
This week:	157	178	151	151
This term so far:	1610	1698	1690	1650

Easter Eco Challenge -

Now that Spring is here see if you can reuse some of your milk bottles to make some quirky planters. You could plant some beans, cress, or flower seeds. These are great for inside or outdoor use and can help to teach the children about reusing our waste products. We would love to see any pictures of your creations!

Herb garden help!

Do you have any herb plants that need re-homing? If so the Eco-council are collecting herbs for areas around the school grounds and would be very grateful for any donations.
