

Risk Assessment for Aslacton Primary and Manor Field Infants and Nursery Schools – part of the Corvus Education Trust

Updated Coronavirus Risk Assessment with effect from 01.11.21

	Hazard	Risk	Initial Rating – L, M, H	Control Measures to Reduce Risk	Responsibility	Further Actions	Final Rating – L, M, H
SLT	INSET training First day back Large numbers of staff together.	Large numbers of staff together in one space.	M	LFD testings Wearing face covering in INSET sessions Good hand hygiene Mindful of personal space Ventilated rooms	All		Low
Illness	Staff or children feeling unwell or showing symptoms of Coronavirus	Coronavirus may enter the school and spread to other children and staff.	Med	<ul style="list-style-type: none"> Prior to entry to the school, Staff asked to check themselves to see whether they feel fit and well and whether they have developed a new cough. Parents told to check themselves and their children before coming to school for a high temperature/ new cough. Children and staff to identify immediately if they begin to feel unwell (Covid-19 symptoms). Children are taught what the potential symptoms could be so they can recognise them. If symptoms can be defined as Covid-19 staff/families suggested to take the virus test. If positive – self isolate. Children will be asked to isolate if awaiting a PCR test result due to being a identified close contact via NHS track and trace/or close family member. 	First Aid trained TA under direction of the teacher.	<p>Isolate child in designated space while they await pick up. This room to be deep cleaned afterwards. Staff will wear PPE and keep 2m social distance.</p> <p>If available another replacement staff member will be called in to cover.</p> <p>Please see the end of the document for full government advice about testing and isolating.</p>	Low

Risk Assessment for Aslacton Primary and Manor Field Infants and Nursery Schools – part of the Corvus Education Trust

				<ul style="list-style-type: none"> At lunchtimes door handles and touchpads need to be cleaned by members of staff. Children put bags and coats on named peg. High % of staff and parents are double vaccinated. No one should enter the school with Covid 19 symptoms. 			
Hygiene	3. Handwashing	Handwashing procedures may not be followed and will cause the virus to spread.	High	<ul style="list-style-type: none"> Signs up in working areas and toilets – words and pictures Children regularly reminded/shown how to wash their hands with their designated staff member. Hand sanitizer stations in all classroom (under supervision) and at entrances to school. 	Teachers and TAs	Any child refusing to follow procedures will be offered the use of hand sanitiser, and/or skin friendly wipe.	Low
	4. Sanitising	The virus contaminating surfaces.	High	<ul style="list-style-type: none"> Children and staff wash and sanitise their hands frequently, and at the change of any activity. Directed by staff. Tables and chairs are to be sanitised regularly. Daily cleaning of the classrooms and areas of school in use. Sanitiser available at entrances to school. See Norse Covid 19 cleaning protocols and Risk Assessment. 	Teachers, TAs and pupils	<p>Ensure new cloths and gloves are used when cleaning.</p> <p>Sanitizer to be stored in a cool place as flammable. Not to be left in an unsupervised space.</p>	Medium
	5. Sharing resources	Children may pick up the virus by sharing resources.	Med	<ul style="list-style-type: none"> Limit the sharing of resources to pairs or small groups. 	Teachers and TAs	Children to be reminded not to place equipment in their mouths.	Low
	6. Clothing	Coronavirus can linger on clothing.	Med	<ul style="list-style-type: none"> PE kit to be kept at school for the half term or worn on PE days Normal School uniform to be worn. 	Staff and parents.	Where a child does not have a kit – provide school spare which then must be used only by that child until washed.	Low

Risk Assessment for Aslacton Primary and Manor Field Infants and Nursery Schools – part of the Corvus Education Trust

				<ul style="list-style-type: none"> Suncream, if needed, applied by parent before school. 			
	7. Maintaining supplies	The school runs out of hygiene and cleaning supplies.	Medium	<ul style="list-style-type: none"> Report cleaning issues directly to the caretaker or business manager via email or phone. If stocks are low, report to caretaker or Clair for reordering. 	Staff, caretaker, Nurse cleaning	In the unlikely event of a supply shortage, any soap, shampoo or washing up liquid can be used to wash hands.	Low
Behavioural Issues	8. Aggression and contamination.	Specific children may contaminate staff, or other children, through close contact physical aggression, biting and/or spitting.	High	<ul style="list-style-type: none"> Children who pose a high-risk of the identified behaviour will have an individual risk assessment. An individual risk assessment will be written for any child known to exhibit these behaviours, before they can be admitted into school. This is to be shared with the family and child. The risk assessment will identify the child's potential triggers, strategies and early signs which indicate the child is not managing, providing actions for de-escalation. Covid-19 appendix added to Behaviour policy. 	SENDCo, Teacher and TA	<p>Upon identification of early warning signs, de-escalation and risk minimising actions as identified in the IRS put into action.</p> <p>In the unlikely event a child or staff member has been contaminated, they will remain at home in isolation for 10 days.</p>	Medium
	9. Contamination	Faecal smearing	High	<ul style="list-style-type: none"> Children who pose a high-risk of the identified behaviour will have a risk assessment completed. An individual risk assessment will be written for any child known to exhibit these behaviours and a tailored hygiene plan developed. This is to be reviewed regularly. 	SENDCo, Teacher and TA	<p>If faecal touching, smearing or eating has occurred, the child will go to the designated isolation room.</p> <p>The child is sent home to one of the emergency contacts provided to the school.</p>	Medium

Risk Assessment for Aslacton Primary and Manor Field Infants and Nursery Schools – part of the Corvus Education Trust

						Remove other children and staff for any contaminated areas. Deep clean arranged with cleaning provider.	
Staffing	10. Shortages	Too many staff are unwell at one time to maintain staffing levels in the school.	Low	<ul style="list-style-type: none"> • High proportion of staff are double vaccinated. • Staff to not share resources with other staff members. • Job share staff to clean the key board after use. • Staff with High Risk medical conditions, to have individual risk assessment inc Pregnant staff members. • A supply teacher/HLTA will be requested if a teacher goes off sick. • If a TA goes off sick the needs of the class will be assessed and another TA asked to support across classes. 	Senior leadership	*There has been a shortage of supply teachers in Norfolk.	Low
	11. Excessive mental pressure	Threat of the virus may cause staff increased levels of anxiety.	Medium	<ul style="list-style-type: none"> • High proportion of staff are double vaccinated. • Staff members are free to phone or email the schools' designated Mental Health Worker • Staff to contact senior leaders around concerns • Share concern with Mental Health champion/ First Aiders (MHFAiders)(DB/NN) • Head teacher to contact HR or Coronavirus Help line for advice, where needed. 	Staff, MH Team Leaders.	MH workers and MH First aiders to share significant general concerns with senior leaders. Senior leaders to review plans if necessary.	Low

Risk Assessment for Aslacton Primary and Manor Field Infants and Nursery Schools – part of the Corvus Education Trust

Actions	Actions following someone from the setting developing symptoms	
	The school will follow the Public Health thresholds to communicate and manage Outbreaks.	
	Parents/carers will be advised to notify the setting as soon as the test result is known.	
Symptomatic staff member	Staff members have been advised about the information detailed in COVID-19 Your health and your safety when working in educational settings.	
	NHS track and Trace will identify positive cases and close contacts.	
	The employer referral process for testing information will be provided to the employee in order to obtain a test.	
	The setting will register with the local testing service to receive their unique employer code by emailing: NorfolkRegistercovidtesting@nnuh.nhs.uk providing the name of the employing organisation, their job title and a contact telephone number.	
	The employee will be asked to provide their test result to the setting as soon as it is known.	
Contact tracing	The setting will notify the PHE HPT and the NCC incident room straight away if they are made aware of a member of staff or child in a cohort has tested positive.	
PHE HPT Actions	The setting will follow the advised actions in the event of a positive case, cluster, outbreak or increased absenteeism.	
Case management transfer	The setting will follow the advice and requirements of NCC where the case is transferred to NCC for management.	
Test result actions	The setting are aware of and will follow the required actions that are detailed in the Test result actions section.	
	The setting will contact the NCC Education Incident Room in the event of a positive test.	
Education contingency planning	The setting has plans in place to be able to provide remote education to pupils who are isolating or staying at home under localised outbreak control arrangements.
