29.10.19

Dear Staff/Parents/Carers,

We would like to introduce Corvus Education to those of you who are not familiar with the work of the Trust.

Corvus is working closely with Norfolk Academies to ensure that all issues raised in the Wayland Junior Academy Watton's very recent OFSTED report are addressed. We will be building on the strengths of the school and forming a close relationship with Watton Westfield Infant and Nursery and other Primary schools within the Trust. Our Key Stage 2 teachers will be looking at all aspects of teaching, learning and assessment and we will be drawing on the expertise of our Specialist Resource Base for support with behaviour.

If you have any concerns you can contact me through Watton Westfield's office.

We look forward to sharing developments with you as our work progresses.

Kind regards,

A. Lightbown

Mrs Alex Lightbown

CEO/Trust Lead
