Executive Head Teacher: Mrs H Kemp

20th October 2020

Dear Parents and Carers,

Thank you so much for your support and co-operation in the light of yesterday's news that we have a positive case of Covid 19 at Watton Junior School and had to close Mandela class.

We have also had to close Hopper class yesterday and today due to staff illness which we have been unable to cover due to being unable to move staff into different bubbles.

We hope you understand these decisions have been made with the safety of the children and our staff as priority. Those children in Mandela class must still continue to self-isolate until Monday 2nd November.

Over the next couple of days your child should bring home a DB Primary log in and you have been emailed an instruction sheet. This is our learning platform where teachers will be uploading work should we have to close.

If your child has been off school with a high temperature, persistent cough, loss or change to their sense of smell or taste, please continue to isolate them as per the guidance and let us know by email to office.wjs@corvuseducation.com when you receive your test result. If your child, or anyone else in your household develops symptoms over the half term break please follow the government guidance and let us know by email. We will need to know the date their symptoms started and when they took their test, followed by the test result when it arrives.

These are extraordinary times and we are proud of how everyone has supported each other. Stay safe over the half term break and we look forward to seeing the children back in school on Monday 2nd November 2020 as long as you and they are healthy.

Yours sincerely,

Mrs Helen Kemp
Executive Headteacher
