

We will be learning:

Science - We will be learning about sound. This will include how sounds are made, how sound travels as well as pitch and volume. We will also be learning about electricity. This will include identifying appliances, electrical circuits and the basic parts of a circuit, as well as conductors and insulators.

Design technology - We are going to use electricity and light to create a light up game.

RE - We are asking the question; where do religious beliefs come from and using the Christmas story.

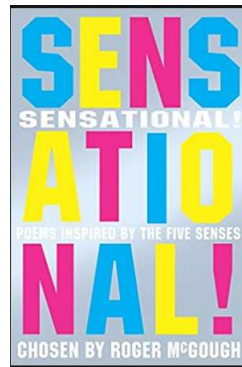

Please talk to your child's class teacher if you have any questions.

## Year 4 Overview – Autumn 2

Our core book is:

**Sensational** chosen by Roger McGough

Please do not read this at home with your child until the end of the half term so your child can enjoy hearing the poems build up.

At home you could:

- Read some poetry with your child – suggested reading: Christina Rossetti, Ted Hughes, Michael Rosen, Benjamin Zephaniah
- Practice 2,4,8,3,6 Times tables
- Encourage your child to throw, catch and keep fit outside.

Key English skills for your child:

Read and talk about a range of texts  
Identify and discuss themes and conventions  
Learn a wider range of poetry by heart  
Prepare poems to read aloud  
Draw inferences to infer feelings, thoughts and actions and justify with evidence  
Select appropriate grammar and vocabulary – adverbials, clauses and a variety of vocabulary  
Evaluate and edit own work

Key Maths skills for your child:

Length – equivalents for metres, centimetres, kilometres  
Adding and subtracting lengths  
Perimeter – finding perimeter using a grid, finding perimeter of a rectangle  
Multiplying by 0,1,10,100  
Multiplying and dividing by 1,3,6  
Multiplying and dividing 9 and 7
