|                                      |            |

Impact:

OFSTED identified the following as areas for improvement on 27<sup>th</sup> & 28<sup>th</sup> November 2019

Improve the quality of teaching, learning and assessment, and raise achievement by ensuring that:

- teachers assess pupils' learning accurately and set work which enables them to make swift progress
- teachers use assessment information to set high expectations for what pupils can and should be achieving
- teachers plan learning over time that enables pupils to develop their skills and knowledge and apply these to their wider learning, including the most able, disadvantaged pupils and those with SEND.
